(All HackerRank certificates issued on November 2024)

WORK EXPERIENCE

Frontend Developer | CV Angelica Digital Technology **WFH** | December 2025 – Present

- Developed and maintained frontend interfaces for tourism, government, and banking platforms using React / Next.js, Tailwind CSS, and Framer Motion.
- Implemented responsive, reusable UI components with smooth animations and motion-based interactions to enhance user experience and usability.
- Contributed to key projects including **East Lombok Tourism, Portal Pemda, OPD websites, and PERIRI internal dashboard (Bank NTB)**.
- Integrated frontend components with backend APIs and collaborated with cross-functional teams to deliver polished interfaces on schedule.

Program Manager | PT Japi Edutech Indonesia **Hybrid** | June 2025 – August 2025

- Oversaw the delivery of AI-based English learning programs across 9 vocational schools in Bekasi Regency, ensuring smooth execution and alignment with program goals.
- Prepared monthly progress reports for each school and compiled consolidated updates to support the co-founder in presenting program outcomes to educational authorities.
- Created and presented learning materials and program updates using Google Docs for students and teachers, improving clarity and engagement.
- Assisted in recruiting and interviewing Program Quality Inspectors and English Teachers, strengthening instructional quality.
- Reported progress and tracked deliverables using Notion, while recommending workflow improvements to enhance efficiency.

Full Stack Developer | PT Applimetis Parama Solusi **Bekasi** | February 2025 - June 2025

- Contributed to the development of a doctor-focused web application for RSCM Hospital—Indonesia’s largest national hospital—using **Next.js** for the frontend and collaborating with backend teams using **NestJS**.
- Focused primarily on **frontend development**, implementing responsive UI components, integrating APIs, optimizing page performance, and ensuring smooth user workflows for doctors.
- Supported backend integration by assisting with API structure understanding and ensuring consistent data flow between the Next.js frontend and NestJS services.

- Worked closely with backend engineers, UI/UX designers, QA testers, and hospital stakeholders to translate medical workflow requirements into clear, usable, and secure application features compliant with healthcare standards.

Strategy Analyst | PT Prospect Motor

Cikarang | July 2022 - May 2024

- Performed comprehensive periodical dealership audits across South Sulawesi, South-East Sulawesi, Papua, Maluku, and West Kalimantan to evaluate and enforce Honda's automotive sales strategy, ensuring alignment with retail objectives and sales targets. Led cross-regional communication and collaboration across 14 dealerships, auditing performance to drive operational improvements, enhance efficiency, and consistently meet or exceed sales goals.
- Analyzed automotive market conditions, including competitor movements and pricing strategies, to evaluate and enhance Honda's market competitiveness.
- Conducted pricing analysis and delivered actionable insights to support strategic planning and business development.
- Applied the PDCA cycle to monitor plan execution, review outcomes, and develop next-step strategies, ensuring continuous improvement and strategic alignment.
- Conducted on-site dealer visits during new car launches and automotive events, observing customer trends, reviewing sales-floor execution, and assessing real-time dealer performance.
- Planned and coordinated dealer-level event strategies, including setting realistic event sales targets based on stock availability and preparing raffle prizes funded by the Main Dealer to support promotional activities.
- Supported dealer managers and sales teams to improve event performance, encouraging them to actively promote new models to prospective customers. This collaboration helped ensure event targets were achieved consistently, contributing to stable retail performance across assigned regions.

HR Intern | PT SGMW Motors Indonesia

Cikarang | March 2022 - June 2022

- Assisted development of employee training programs and competency dictionaries.
- Supported HR operations, documentation, and project coordination.

HR Intern | JW Marriott Hotel Jakarta

Jakarta | July 2021 - January 2022

- Supported recruitment, trainee data management, and staff evaluation.
- Assisted in developing training materials and ensuring HR operational flow.
- Strengthened organizational and communication skills in a high-paced corporate setting.

LEADERSHIP & ACTIVITIES

AIESEC in President University

Cikarang, Indonesia

International Relation Staff of Incoming Global Volunteer

April 2019 – March 2020

- Promoted AIESEC's volunteering products to local committees globally, increasing awareness and engagement.
- Executed both B2C and B2B sales strategies to drive participation in AIESEC's volunteering programs.
- Marketed the volunteering opportunities within AIESEC's global network, targeting potential volunteers.
- Engaged directly with future exchange participants, organizing and conducting interviews via Skype or WhatsApp Video Call.
- Led "Incoming Preparation Seminars" to provide cultural orientation and necessary preparation tools for volunteer candidates prior to their arrival in Indonesia.

Morning Sunshine 4.0 of AIESEC in President University

Cikarang, Indonesia

Supportive Organizing Committee

July 2019 – August 2019

- Developed and managed the project's budget plan, ensuring efficient allocation of resources.
- Sourced and coordinated global volunteer hosts, facilitating smooth international collaboration.
- Oversaw meal planning and ordering for both volunteers and committee members, ensuring timely and suitable provisions.
- Prepared necessary materials and logistics to support the project's successful execution.
